**01.10.2018. - 30.09.2022.**

THE PROJECT IS FUNDED BY ICELAND, LIECHTENSTEIN AND NORWAY THROUGH THE EEA GRANTS AND NORWAY GRANTS

---

Society "Shelter "Safe House"" in cooperation with partners from six countries - Croatia, Bulgaria, Lithuania, Greece, Norway, and Iceland - has started implementing the project "Migrant Talent Garden".

Its aim is to involve migrants aged 15 to 29 in creating the business, including to provide support to this target group, knowledge of national laws, and conditions for setting up their own business. It is planned that the project will create an e-platform for business support, which will provide online opportunities for participation in the training program, as well as information on the regulatory base for starting a business in each project member state, as well as the establishment of business incubators for migrants in each of project countries.

"Shelter "Safe House"" as a cooperation partner will play a role in the creation of an online training system, in the training of business experts, in the establishment of a business incubator.

In order to discuss the business opportunities of migrants in Europe, a meeting of partners of the project "Migrant Talent Garden" took place in Lithuania on 28-29 May. On May 30-31 in Latvia, in the society "Shelter "Safe House"", a study visit to the project "Migrant Talent Garden" took place.

Project "Garden of Migrant Talents" Nr. 2017-1-186. Project implementation time 01.10.2018. - 30.09.2022. The project is funded by the EEA and Norwegian Financial instrument.
